SKYLAR R. KNAPP

WEB DEVELOPER | AUTOMATION BUILDER

Rock Hill, SC • (980) 585-9609 • sknapp1991@gmail.com
github.com/sknapp1991 • sknapp1991.github.io

PROFILE

Self-taught web developer and automation builder who ships real projects: client business websites, an e-commerce storefront, and AI-assisted content automation pipelines. Background in technical support leadership and skilled-trades field work brings strong troubleshooting, client communication, and self-directed learning to every project.

KEY SKILLS

- HTML5, CSS3 & JavaScript
- Responsive Web Design
- Firebase & GitHub Pages
- Python, PowerShell & FFmpeg
- Claude Code / AI-Assisted Development
- Prompt Engineering & LLM Integration
- Git & GitHub
- Client Communication & Troubleshooting

PROJECTS

Business Websites | Client storefront & booking sites
github.com/sknapp1991/business-websites

- Built a Firebase-backed e-commerce storefront with an admin inventory panel and Venmo/Cash App payment flow, plus a booking site for a second client.

RedditTales336 | Automated content pipeline
github.com/sknapp1991/reddit-tales-336

- Built a multi-stage pipeline: Reddit story scraping, AI script rewriting, local TTS voiceover, and automated FFmpeg video rendering with synced captions.

AI Coloring Book Generator | AI-assisted publishing pipeline
github.com/sknapp1991/coloring-book-generator

- Built an automated pipeline for generating print-ready children's coloring books using AI image generation and PDF assembly.

PROFESSIONAL EXPERIENCE

HVAC Installation Technician | Indian Trail Air & Heat
Oct 2026 to Current

- Install, service, and troubleshoot residential HVAC systems; read technical schematics and diagnose system issues on-site.

HVAC Installation Technician | Fulmer's Heating & Cooling
Apr 2025 to Sep 2026

- Installed and serviced residential heating and cooling systems; managed client communication and scheduling in a field-service environment.

Supervisor of Technical Support | General Motors, Charlotte, NC
Aug 2021 to Apr 2025

- Led a team of 15+ technical support specialists; built training programs and coached agents to improve performance and retention.

Technical Support Specialist | General Motors, Charlotte, NC
Oct 2020 to Aug 2021

- Provided technical support for connected-vehicle services (radio, internet, Bluetooth, account issues); escalated and documented recurring issues for development teams.
